how will this effect our rates at Arundel Rakaia Gorge rd, being that this is one of the four properties, we would like the real numbers please. The map is hilarious the current boundary includes a huge amount of farm land and land obove the town which water wouldn't get to without a pump, do you guys have a better map that shows pipe lines as i'm not sure if you know where the pipe to our place accually is going by the provided map.
